About **KONARK ENGINEERING SOLUTIONS**

We strive to offer engineering excellence through products related to Industrial, Mechanical & Electrical Solutions.

Company possesses a rich industrial experience to deliver cost effective solutions, services & reliability. Our Inhouse team not only acts as a supplier but as an advisor for continued innovations, superior technological advancement and new product introduction.

History

We commenced our business in 2007 as authorised distributors for Motul-Tech (Industrial Group of Motul,India) as M/S KONARK MARKETING.

With the view of providing a complete solution & more professional services the company was re-bannered as M/s KONARK ENGINEERING SOLUTIONS in 2022.

Vision

Our Vision is an inseparable part of our view for success and scaling of even greater heights by providing one-stop solutions to industries and green-field projects.

Policy

Customer delight & satisfaction through quality of products and unparalleled services.

About **MOTUL-TECH**

MOTUL is one of the most important French independent company developing and manufacturing Lubricants for more than 150 years, **pioneers of synthetic oil worldwide.**

MOTUL-Tech is the Industrial Lubricant Division of the **Motul** group.

MotulTech *food grade lubricants* are all **FDA** and **NSF certified**. And its Bio-degradable hydraulic fluid is both European Union Ecolabel and Swedish Bio-standard approved.

Motul has been operating in India since the year 2003 through a Technology License Agreement with Atlantic Lubricants and Specialities Private Limited (ALSL). ALSL is based in Mumbai and engaged in the manufacturing and marketing of Motul products in India, Nepal, Bhutan, Bangladesh & Sri Lanka.

Motul has a full-fledged in-house manufacturing plant at Silvassa, near Mumbai, and a nationwide Distribution Network consisting of Consignment Stock Points, Distributors, and Dealers.

Over the last few years, Motul has established itself in India as a preferred and leading performance brand in the Motorcycle Oil and the Passenger Car Oil segments.

MOTUL TECH is present in more than 85 countries with subsidiaries in France, Germany, Spain, Italy, the USA, Singapore, Vietnam, and India.

Distributors

OUR OFFERINGS
